# GENERAL CATALOGUE.

A LIST OF BOOKS

RECOMMENDED FOR SUNDAY-SCHOOL AND  
PARISH LIBRARIES

BY THE

Church Library Association.

THE CHURCH LIBRARY ASSOCIATION issued its first General Catalogue in 1900. That Catalogue, it was hoped, would be of permanent value, including, as it did, all books read and recommended by the Association since its organization in 1881, with the exception of those which were no longer to be found in print.

The demand for that Catalogue has persuaded the Committee to issue a second one, to include, in another similar volume, all the books read since Advent, 1900. Thus the two pamphlets contain a complete list of the obtainable books recommended by the Association since 1881, carefully classified and provided with explanatory notes appended to such titles as do not sufficiently show the character of the books to which they belong.

This Catalogue is sent to those who have signified, in past years, their wish to receive the publications of the Association. Persons who would make use of these Catalogues may send their names to the Secretary of the Church Library Association, Cam-

bridge, Mass., who will gladly add such names to the mailing list.

The Association being a purely voluntary one, interested in raising the standard of literature furnished to our young people, it is not fair to ask of it the expenditure of money, as well as time, in this public service, so those who value its efforts and make use of this Catalogue should remit a small sum of money in stamps or cash to cover the expense of printing and mailing; the sum of twenty-five cents given by every recipient of this Catalogue would serve to lighten the financial burden carried by the Association.

Books marked with an asterisk (\*) are those recommended since the publication of the last list, Advent, 1902. The prices given are the publishers' advertised prices at the date of the issue of the Catalogue. They are always liable to change and, except in the case of net prices, to discount. In no case does the Association undertake to sell books to those who receive its Catalogue. Attention is called to the change in the American agent of the S. P. C. K. Edwin S. Gorham is now sole agent in this country.
